PREFATORY NOTE

The ABRIDGED READERS’ GUIDE TO PERIODICAL LITERATURE is a cumulative author-subject index to English language periodicals of general interest.

The main body of the Index consists of subject and author entries to periodical articles arranged in one alphabet. In addition there is a listing of citations to book reviews following the main body of the Index.

Periodicals indexed are selected from the titles indexed in READERS’ GUIDE TO PERIODICAL LITERATURE.® In selecting periodicals for inclusion particular emphasis has been placed on the needs of the school and small to medium-sized public library.

Suggestions for addition or deletion of titles should be brought to the attention of H. W. Wilson, A Division of EBSCO Information Services, Inc., 10 Estes Street, Ipswich, MA 01938.

Includes indexing from January 25, 2014 - July 25, 2014
SUGGESTIONS FOR THE USE OF THE ABRIDGED READERS’ GUIDE TO PERIODICAL LITERATURE

Arrangement
Authors and subjects are arranged in one alphabet. Subjects beginning with numbers appear before those beginning with letter A. Under authors and subjects, titles are arranged in alphabetical order by the first word, initial articles being disregarded. Subjects with subdivisions are captured as new subject headings in alphabetical order.

Author entries
Articles are indexed under the last name of the author, with the exception that author entries may be omitted for staff writers. The author’s name always appears as part of the citation under the subject entry.

Book reviews
For citations to reviews of individual books, see book review section following the main body of the Index.

Choreographic Works
Choreographic works (ballet and modern dance) are indexed under the title of the work. Entries may also be made for the choreographer, the dance type (e.g. Ballet), the individual dancers and the dance company, as appropriate.

Cross-References
See references are made from variant forms of subject headings and personal names to the form used in READERS’ GUIDE. See also references are made from a subject to related subjects under which additional material may be found.
