

Prefatory Note

This edition covers the years from 1940 through 2025, and cumulates and supercedes the previous edition, *Current Biography Cumulated Index, 1940-2021*. The reader will need to only consult this index in order to locate a name that appeared in the previous 86 volumes of *Current Biography*. The dates after the names indicate the monthly issue(s) and yearbooks containing the biographies and obituaries. In addition to the alphabetical name index, this edition includes a Profession Index. The Profession Index lists 54,234 subjects by 902 professions—from Academics to Zoologists. A subject may be listed under more than one profession.
