## REVIEWS

Pub. Date: October 2023  
ISBN: 978-1-63700-510-1  
List Price: \$295

**“This significantly updated edition** of a standard collection management tool has been weeded of older and less relevant titles so that it includes about **10,000 titles recommended for young people** in grades 5-9 and professional aides for their librarians, as opposed to the 11,000 titles in the previous edition. The familiar organization of a Classified Collection and an Author, Title, and Subject Index remains the same. Entries include a full bibliographical description, Sears subject headings, a suggested DDC classification number, ISBN and LC numbers, a brief description of the contents, and an evaluation from a quoted source, when possible. **The Core Collection Series is intended to be used as an aid in purchasing, an aid to readers’ advisors, for the verification of information, in curriculum support, in collection maintenance, and as an instructional aid.** “Most Highly Recommended” titles are starred. Excluded are non-English language materials except bilingual materials and dictionaries (or similar works), adult fiction, textbooks, computer program manuals, and other topics that quickly become outdated. This edition continues to include graphic novels. The entire volume is available as a regularly updated database by Ebsco... **This title continues to be an invaluable tool for school and public librarians and should be considered essential.”**

**“Middle & Junior High Core Collection is a useful compendium** of plot summaries, recommended grade levels, and quick reference information about over 8,000 books highly recommended for middle and junior high school libraries. Sweeping revisions make *Middle & Junior High Core Collection* easier to use than ever; the index covers books for young people on topics ranging from fiction to environmental studies to terrorism and national security issues. *Middle & Junior High Core Collection* a superb **“go to” resource for library and media specialists**; like all H.W. Wilson library science reference tools, Middle & Junior High Core Collection was **created by librarians, for librarians.”**
